PARTNERSHIP CONVERSATIONS

A distinct publishing property with carefully bounded room to grow.

Project Clandestinus begins with Book I and welcomes considered conversations around publishing, distribution, retail, media, creator collaboration, territory licensing and future experience development.

Suitable conversation areas

Publishing and translation rights | Regional distribution and bookselling | Media and press | Creator and audience collaborations | Licensed merchandise and collector products | Puzzle and immersive experience concepts

Operational position

The archive is active. The reward programme is not yet activated, and formal solution submissions are closed. This overview does not create a participation route, reward claim or verification process.
